Wabash Valley Resources LLC

444 W Sandford Ave

W Terre Haute IN 47885-

Samples must be collected from 0 to total depth and submitted to the Indiana Geological Survey at 611 N. Walnut Grove Ave., Bloomington, IN 46405-2208 if this well is drilled deeper than 0 feet.

Pursuant to IC 14-37, the operator listed above is authorized to drill and operate a Geologic/ Structure Test well as follows:

WELL #	LEASE NAME	COUNTY	TWP	RGE	Section	QUARTERS	FOOTAGES	FORMATION	ESTIMATED TD
1	Wabash	Vigo	13 N	9 W	32	NE NE	1156 N 387 E	Precambrian	8350

Important: The Field Inspector must be notified by the permittee

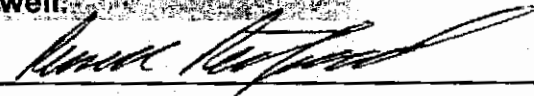

1. Before drilling commences
2. Twenty-four (24) hours before setting surface casing
3. In the event of an emergency
4. Forty-eight (48) hours prior to plugging
5. When coal seam protection is required

This well may be tested through January 31, 2021. To operate the well beyond January 31, 2021 you must submit an application to convert the well.

Randy Rich (812)459-4869

Field Inspector Phone Number

This permit expires one year from the date of issuance unless the activity authorized by the permit has commenced.

Russell Retherford, Director

A COPY OF THIS PERMIT MUST BE POSTED AT THE WELL SITE BEFORE DRILLING COMMENCES
