

APPLICATION FOR COAL BED METHANE WELL PERMIT

State Form 54785 (R / 8-12) / Form A15
Approved by State Board of Accounts, 2012

INDIANA DEPARTMENT OF NATURAL RESOURCES
DIVISION OF OIL AND GAS
402 W. Washington St., Rm. 293
Indianapolis, IN 46204
Telephone number: (317) 232-4055
Fax number: (317) 232-1550
<http://www.in.gov/dnr/dnroil>

FOR STATE USE ONLY

Application number 051441	Permit number 56415	Date received (month, day, year) 6/23/2026
Date approved (month, day, year)	Approved by	
IGS identification number 168678	IGS samples ☐ Yes ☒ No	IGS pool name Patoka

PART I

GENERAL INFORMATION

Name of operator Pioneer Oil Company, Inc.	Telephone number (812) 494 -2800	Fax number (812) 494 -2508
Address of operator (number and street or PO Box) (☐ Check here if this is a new address) 400 Main Street P.O. Box 237		
City Vincennes	State Indiana	ZIP code 47591 _
Send permit to (Enter name and address) Brandi Stennett- Pioneer Oil Company, Inc.	Telephone number (812) 494 -2809	Fax number (n/a) -
☒ Check here if you would like to have the permit sent via FAX or email. Email address: bstennett@pioneeroil.net		
Applicant is (Check one only) ☐ Individual ☐ Partnership ☐ Public corporation ☐ Limited liability company ☒ Corporation ☐ Limited partnership		

NOTE: Corporations, limited partnerships and limited liability companies must register with the Secretary of State. For further information about registration, contact the Corporations Division, Secretary of State at (317) 232-6576

Type of bond (Check one only)

- | | |
|---|---|
| ☐ Surety bond | ☐ Check |
| ☐ Blanket bond | ☐ Personal surety bond (Valid for Non-commercial gas wells only) |
| ☐ Certificate of deposit | ☒ Bond not required per IC 14-37-6-1 |

NOTES: A bond must accompany this application unless the operator has a valid blanket bond on file with the division or is exempt from bonding under IC 14-37-6-1. All bonds must be originals and an original Verification of Certificate of Deposit form must accompany CD's. Checks must be certified. The bond amount for individual wells is \$2,500 and for blanket bonds is \$45,000.

Well type (Check one only)

- ☒ Coal Bed Methane - Check the boxes below beside items that are attached to the application:
☐ Non-Commercial Coal Bed Methane - Check the boxes below beside items that are attached to the application:
☒ Form A12 - Coal Owner's and Coal Lessee's Consent Forms (Coal is leased),
☐ Form A14 - Coal Owner's Consent Form (Coal is not leased),
☒ Notices of Intent to Apply for a CBM permit and Affidavit of No Waste of Coal Resources or Miner Endangerment with Proof of Service to Coal Owner and Coal Lessee if no Consent Forms are attached (See Application Reminders),
☒ Notice of Intent to Survey with Proof of Service to Surface Owner (Required for every application),
☐ Well Stimulation Plan; OR ☒ Well will not be stimulated,
☐ Horizontal Drilling Plan (If applicable),
☐ Plugging Plan for Horizontal Well (If applicable).
☒ Statement of Protection of Coal for Future Underground Mining (Required for every application)

Application type (Check no more than two)

- ☒ New well
☐ Old well workover
☐ Old well deepening
☐ Horizontal well sidetracking
☐ Conversion
☐ Change of location

☐ Change of operator (Complete PARTS I, II, VI and VII indicating lease lines and drilling unit boundaries, only unless another application type is also checked)

☐ Permit renewal (Complete PARTS I, II and VI only unless another application type is also checked)

Note: A \$250 permit fee is required.

Fee Payment Method: ☒ Check ☐ Credit Card (Attach credit card information on separate page or provide contact number: () -)

Former operator (If applicable)

Former Permit number (If applicable)

PART VI AFFIRMATION	
I affirm under penalty of perjury that the information provided in this application is true to the best of my knowledge and belief.	
Typed or printed name of operator or authorized agent Brandt Stennett	
Signature of operator or authorized agent 	Date signed (month, day, year) 5/15/26

SPECIAL REQUIREMENTS

1. Incomplete applications will be returned to the operator **without** being processed.
2. **Only** those individuals whose signatures appear in PARTS V and VI of the Organizational Report may sign this form.
3. The name of the operator on this application and the name of the principal on the bond **must** be identical.
4. If you are applying for a Change of Operator permit you are certifying that you have conducted a good faith search for the current operator and said operator could not be located.
5. If you are applying for a new well permit, do not forget to include the **Notice of Intent to Survey** and proof of service required under IC 32-23-7-6.5 that must be sent to the surface owner at least five (5) days prior to entering onto the property for the purpose of surveying the well location. An example of the notice is available on the division's website under Publications/Notices and Examples.

APPLICATION REMINDERS

PART I:

- Enter the name of the operator exactly as it appears on the Organizational Report.
- If you want to have a copy of the permit certificate faxed to you please check the appropriate box.
- Don't forget to register with the Indiana Secretary of State if you will operate as a Corporation, Limited Liability Company or Limited Partnership.
- Don't forget to attach the \$250 permit fee.
- If a Certificate of Deposit is selected as the Bond Type, don't forget to attach the original CD and original Verification of Certificate form.
- Check **all** of the appropriate boxes under Well Type to indicate which attachments are being submitted with this application. Required attachments **MUST** be included with the application or it will not be processed.
- If no Coal Owner and Coal Lessee (if coal is leased) consent forms are attached and if there is no copy of a written agreement that specifies other terms of notification of the operator's intent to drill a well for coal bed methane, the operator must send a **Notice of Intent to Apply for a CBM Permit** to the Coal Owner and Coal Lessee and submit a copy of the notice along with proof of service and an Affidavit of No Waste of Coal Resources or Miner Endangerment must accompany the application. An example of the Notice of Intent is available on the division's website under Publications/Notices and Examples.
- The Horizontal Drilling Plan and Plugging Plan for Horizontal Well must be submitted only if the proposed well declination is horizontal.
- If the proposed well will be stimulated, a Well Stimulation Plan must be submitted. Otherwise, check the box indicating that the well will not be stimulated.
- The Statement of Protection of Coal for Future Underground Mining must demonstrate that commercially minable coal outside of the coal bed methane production area is adequately protected for future underground mining.
- Examples of the required notices and affidavits may be found on the division's website under Publications – Notices and Examples.

PART II

- For this proposed coal bed methane well, be sure to indicate the distance to the nearest well capable of production from the same formation for which this permit is to be issued and make sure you check the rule requirements on well spacing to avoid placing the well an insufficient distance from an existing well.
- If you check the communitized box you must attach a copy of the pooling agreement or specify the permit number for the well under which the pooling agreement was previously submitted.
- If you check the Other box under the Drilling Unit section make sure to attach a copy of the exception.
- You must indicate that you own or control all of the coal bed methane within the proposed drilling unit before a permit can be issued. If you do not own or control all of the coal bed methane within the proposed drilling unit you must describe the basis upon which you claim the right to drill and operate a well for coal bed methane production.

PART III

- This part is used by the division to determine if your proposed well construction will meet the rule requirements. Please be sure to enter all information about the proposed construction so that it can be evaluated accurately.

PART VII**SURVEY****General Instructions**

Use a 1"=1000' scale

Surveyor must complete the following:

- Clearly indicate the section township, and range on the survey, spot the well and show the footages from the lines.
- Use the surveyor's notes to explain deviations from a standard location such as topography and irregular sections.

Operator or authorized agent must complete the following:

- For oil or gas wells, separately outline the boundary of both of the following using different colors or line styles:
 - the leased or communitized area; AND
 - the drilling unit allotment.
- For all Directional and Horizontal wells show the surface location, kickoff point, AND termination point of the well.
- For all Horizontal wells identify the points where each horizontal drainhole enters and departs the target zone.
- For Enhanced Recovery and Saltwater Disposal wells, draw a 1/4 mile radius circle around the proposed well, spot all other wells (plugged or unplugged) that intersect the proposed injection zone(s), and put the permit number of each well over the spot.

NOTE: You must show the entire 1/4 mile radius circle around proposed Class II wells**SURVEYORS' NOTES:**

Special PART VII Requirements

- You should adjust the location of the center of the section on the diagram so that the entire set of information in the General Instructions shows on a single survey plat. (Example: If a horizontal well will begin in one section but terminate in another section, you should move the section center point so that portions of both sections appear on the plat.)
- Surveyor must be registered under IC 25-21.5. This form **must** contain an original signature and original seal.
- Coordinates should be based upon NAD 1983 Datum, Universal Transverse Mercator (UTM) Coordinate System, Zone 16N.

January 20, 2026

Edward & Laura Horrall
4885 Old Highway 41 N.
Patoka, IN 47666

Dear Mr. & Mrs. Horrall:

Please be advised that a surveyor will be staking a well on your property in the near future. The well, to be known as the Horrall CBM#1, will be located:

Sec 20 T 1S R 11W
Gibson County, Indiana

Pioneer Oil Company, Inc. hereby notifies you as the surface owner of those lands of our intention to have designated representatives enter that property for the purpose of surveying a drilling location for a well.

Sincerely,

Brandi Stennett
Director of Regulatory Compliance

I acknowledge that I have received this notice of intent to enter my property for the purpose of surveying a drilling location without future notice and waive the five day notification period.

#56415

NOTICE OF INTENT TO APPLY FOR A Coal Bed Methane Well Permit

Pioneer Oil Company, Inc. 400 Main Street Vincennes, IN 47591 intends to submit to the Division of Oil and Gas an application for a permit to drill and construct a well to be used for the production of Coal Bed Methane. The well will be located 2315 feet from the S line, 1390 feet from the E line, from the SW Quarter, in Section 20, Twp. 1S, Rng. 11W, Gibson County, Indiana.

The subject well, Horrall CBM #1, is intended to produce coal bed methane from the Springfield #5 coal seam at an approximate depth of 543 feet.

Written comments and objections to the issuance of a permit for this well based on the premise that the well will result in waste of a commercially minable coal or that the well will endanger the health and safety of miners must be submitted to the Division of Oil and Gas within thirty (30) days of the receipt of this notice and should be mailed to:

Division of Oil and Gas
Department of Natural Resources
Attn: Technical Services Section
402 W. Washington Street, Rm. W293
Indianapolis, IN 46204-2748

After the application is submitted, you may obtain a copy of or further information about the application by contacting the division at (317) 232-4055. The submitted application will be made available for review at the above address from 8 A.M. to 4:30 A.M. EST, Monday through Friday, or on the division's website at: www.in.gov/dnr/dnroil.

Optional:

I acknowledge that I have received this notice of intent to apply for a coal bed methane well permit.

AFFIDAVIT

In accordance with IC 14-37-4-8.5(d), Pioneer Oil Company, Inc., hereby certifies that the proposed well Edward & Laura Horrall lease, Horrall CBM #1 – located in Section 20, Twp. 1S, Rng. 11W, Gibson County, Indiana is intended to produce coal bed methane from the Springfield #5 Coal coal which has an average thickness of 7 feet at an approximate depth of 507 feet. The proposed well is located approximately 9 miles from Gibson South Coal Mine an existing underground coal mine operation. The owner of the coal, Edward & Laura Horrall, does not have experience in the underground mining of coal. The proposed well will be a verticle well drilled with a TD of 543 with longstring set approximately 6 feet above the top of the coal seam which may have an effect on the integrity of the coal seam.

Pioneer Oil Company, Inc. has performed the following actions to verify that the proposed activities for which a permit is being sought do not and will not result in waste of a commercially minable coal resource or the endangerment of the health and safety of coal miners:

The North Gibson mine is closed and these coal corridors are no longer viable for underground mining, therefore there are no endangerment of health and safety of coal miners and will not be a commercially minable waste of coal resources.

CAUTION: This is an email from an external sender. Use caution when clicking on links, opening attachments or responding.

Mr. Henderson:

Pioneer Oil Company, Inc. is submitting to Gibson County Coal, LLC two permit applications and documentation of our notice of intent to drill with affidavit and coal owner or coal lessee consent per Indiana Department of Natural Resources regulations. We submitted these documents in hard copy on June 3rd and 4th via certified mail per the rules, however USPS has no certified receipt.

Pioneer would be happy to discuss this matter if you have any questions. I am copying IN DNR as proof of notice. Thank you for your cooperation in this notice process.

Respectfully,

Brandi Stennett

#56415

STATEMENT OF PROTECTION OF COAL FOR FUTURE
UNDERGROUND MINING

In accordance with IC 14-37-4-8(d)(4), Pioneer Oil Company, inc. declares that commercially minable coal outside of the coal bed methane production area that contains the proposed coal bed methane well, on Edward & Laura Horrall lease, Horrall CBM #1, is protected for future

underground mining for the following reasons:

- o No hydraulic fracturing will be performed on the #5 Springfield coal seam that will be used for coal bed methane production
- o The proposed well is at least 500 feet (or the estimated or calculated fracture half length) inside of the outside boundary of the coal bed methane production area.
- o The proposed well is not being drilled horizontally within the coal seam.
- o Other -

The proposed CMM well will not be drilled into or through any coal seam. Instead, it will be drilled into existing mine voids created by previous mining.

Re: Horrall CBM #1 & MFH CBM #1 both in Gibson County, IN

Dear Mr. Roberts:

This letter supplements Pioneer Oil Company's Application for Coal Bed Methane Well Permits.

Our intention is to drill and complete the well as set forth in the application into the mine void and test the gas quantity and quality. The results of that testing will help inform our decisions regarding use, marketing and/or flaring of the gas encountered and prevent waste. The gas volumes and composition will help determine whether it can be sold into the pipeline, blended with our other gas to achieve pipeline quality, used in our operations, used to generate electricity, or flared. In any of these uses the mineral interest owner will be paid for the extracted gas and it is expected that monetizable credits will be earned. Thus, the current stranded gas will be commercialized, and waste prevented. We plan to configure our infrastructure near the wellhead to provide flexibility to accommodate such different uses. The separate gas streams will be monitored for rate and composition. Valves and meters will be installed to accommodate ongoing adjustment and landowner royalty and State of Indiana severance tax settlement, therefore there will be no waste of resources.

Respectfully,

Brandi Stennett

Director of Regulatory Compliance

EXTERNAL EMAIL: This email was sent from outside your organization. Exercise caution when clicking links, opening attachments or taking further action, before validating its authenticity.

Thanks, Brandi. We'll review.

Additionally, one of the notices you sent (Horrall CBM #1) has been received in Lexington and made its way to my desk, but I have not yet seen the other.

Thanks.

John

Mr. Henderson,

Pioneer Oil Company has made a few slight edits to the permit applications with IN DNR for the Horrall CBM #1 and MFH CBM #1.

The well location and TD remain the same as the previously supplied information, however we wanted to pass along the updated permit application and Affidavit with the well names listed.

Respectfully,

Brandi Stennett

Mr. Henderson:

Pioneer Oil Company, Inc. is submitting to Gibson County Coal, LLC two permit applications and documentation of our notice of intent to drill with affidavit and coal owner or coal lessee consent per Indiana Department of Natural Resources regulations. We submitted these documents in hard copy on June 3rd and 4th via certified mail per the rules, however USPS has no certified receipt. Pioneer would be happy to discuss this matter if you have any questions. I am copying IN DNR as proof of notice. Thank you for your cooperation in this notice process.
